Self-Assessment of MTSS (SAM) - NCStar Indicator Crosswalk

The crosswalk below is to assist schools that are working on school improvement efforts by using NCStar within a Multi-Tiered System of Support framework. In creating this document, we analyzed the Self-Assessment of MTSS (SAM) and made connections with the 105 indicators found in NCStar. The NCStar indicator(s) selected for each of the 39 SAM items may be used as the evidence in the SAM rubric. In contrast, after administering the SAM, this document can be used to map the NCStar indicator that the school may wish to use for action planning in the tool. From this indicator, the school team can map back to the next step in the SAM rubric to find possible action steps. This document was created in collaboration with NCMTSS Implementers - including members of the NC MTSS Consortium.
