

School Improvement for Student Success Conference

Best Practices in Mathematics Instruction for Student Success

Chad Broome

*Instructional Content Facilitator
Math 9-12
Union County Public Schools*

Kim McCuiston

*Middle School Math Coach
Brunswick County Schools*

Allison Landry

*K-12 Director of Mathematics &
Social Studies
Carteret County Schools*

Velvet Simington

*K-12 Mathematics Director
Winston-Salem/Forsyth County Schools*

Joe Reaper

*Secondary Math Consultant
NC Department of Public Instruction*

 **PUBLIC SCHOOLS OF NORTH CAROLINA**
State Board of Education | Department of Public Instruction

Welcome

Who is in the room?

- Elementary, Middle, High
 - Teams, Individual
- Small, Medium, Large

SCHOOL IMPROVEMENT FOR STUDENT SUCCESS CONFERENCE

 **PUBLIC SCHOOLS OF NORTH CAROLINA**
State Board of Education | Department of Public Instruction

Session Goals

- To develop a plan that will create and facilitate productive and impactful math instructional teams.
- To build upon your plan for instructional teams to develop and refine standards-aligned math units.

SCHOOL IMPROVEMENT FOR STUDENT SUCCESS CONFERENCE

 PUBLIC SCHOOLS OF NORTH CAROLINA
State Board of Education | Department of Public Instruction

Session Goals

Indicator Connections:

- **A2.02** (Creating Instructional Teams),
- **A2.04** (Instructional Teams Create Units of Instruction),
- **A2.05** (ALL Teachers develop Lesson Plans based on the Units of Instruction),
- **A2.13** (Unit of Instruction include Objectives and Criteria for Mastery),
- **A2.14** (Units of Instruction include Specific Learning Activities aligned to an Objective),
- **A2.15** (Instructional Teams Develop Learning Activities and Share Among Themselves)
- **A3.04** (Instructional Teams use Pre and Post Test data to make Decisions about Curriculum and Instructional Plans)

Instructional Teams

According to Dr. Rick DuFour, it is widely accepted that the most impactful variable in student success is high quality instruction. So how do you improve instruction?

Teachers are **relatively autonomous subcontractors**

Improve Instruction through:

- Grad Classes
- Workshops/Conferences
- Financial Incentives
- Evaluate into a better performance

Teachers are part of a **system of continuous improvement**

Improve Instruction through:

- Teams work interdependently to achieve common goals for which members are mutually accountable
- Common units of instruction/pacing
- Frequent common assessments
- Common criteria to judge the quality of student work

Professional Learning Communities: The Key to Improved Teaching and Learning. TEACHING & LEARNING (2009). Dr. Rick DuFour

Instructional Teams

There are two main task for Instructional Team.

1. Guiding the Multi-Tiered System of Support for individual Students.

2. Developing Units of Instruction – This is our focus for today.

(MTSS can only work when the core instruction for all students is successful.)

Breaking Down Practice

Math Instructional Teams Cycle of Development and Refinement

Instructional Teams	How are math instructional teams organized at your school?	What are your areas of strength?
	What do math instructional teams do during meetings?	What are some things to consider for improvement?
	How are teams held accountable?	Who can I contact for ideas/support?
	Questions to focus on Current Practice	Ideas to Consider

SCHOOL IMPROVEMENT FOR STUDENT SUCCESS CONFERENCE

State Board of Education | Department of Public Instruction

Instructional Teams

How are math instructional teams organized at your school?

What do math instructional teams do during meetings?

How are teams held accountable?

Panel

Describe the logistics and accountability measures of the math instructional teams at your schools.

- Elementary
- Middle
- High School

State Board of Education | Department of Public Instruction

Standards-aligned Units of Instruction

UNIT PLANNING

Who created the math instructional units used in your school?

Briefly describe your math instructional units. (Pacing guide, objectives, activities, assessments, etc.)

How are criteria for student mastery discussed?

Panel

Describe the unit plans created by your math instructional teams at your schools.

Union County

Winston-Salem/Forsyth Schools

Brunswick County

Carteret County

Panel

How are criteria for student mastery discussed?

Instructional Teams

ASSESSMENT

Does your school give benchmark assessments? If so describe them. (Who creates them, where the questions come from, how the results used)

Describe the math unit assessments in your school?

Panel

Describe assessments (benchmark and unit) in your schools.

Instructional Teams

RESOURCES

How are aligned tasks created/found for each unit of instruction?

When do math teachers create and discuss tasks?

How often do your math teachers use a shared task?

Panel

What role does your instructional team take in task creation/modification?

How do you approach a teacher who is not open to sharing?

SCHOOL IMPROVEMENT FOR STUDENT SUCCESS CONFERENCE

 PUBLIC SCHOOLS OF NORTH CAROLINA
State Board of Education | Department of Public Instruction

Lesson Plans

Are math teachers required to use the units of instruction for their lesson plans?

How do lesson plans receive feedback for improvement?

Panel

Are math teachers at your schools required or encouraged to use the units of instruction? Common activities?

How do you monitor participation?

State Board of Education | Department of Public Instruction

Impact and Refinement of the Unit of Instruction

How do your math instructional teams determine their impact?

What do instructional teams do if a deficit is detected?

How do instructional teams refine their units of instruction?

Panel

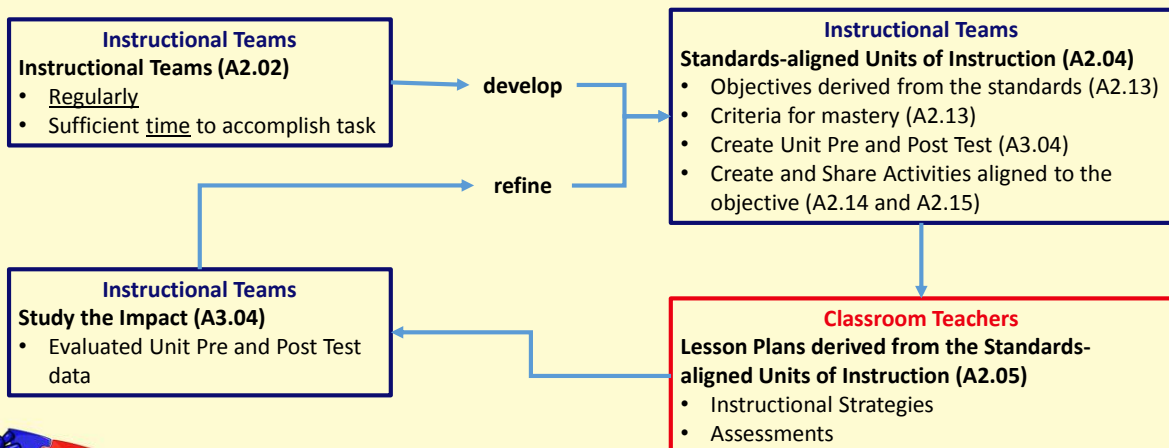

What is the evaluation and refinement process for your units of instruction?
