

Facilitated Assessment of MTSS - District Level (FAM-D) and District NCStar Indicator Crosswalk

The crosswalk below is to assist districts that are working on district and school improvement efforts by using NCStar within a Multi-Tiered System of Support framework. In creating this document, the FAM-D was analyzed for connections with the 38 district indicators found in NCStar. After administering the FAM-D, this document can be used to map the NCStar indicators that a district team may wish to use for action planning in the tool.
